All month long...Random Acts of Kindness One of the ways we can **Build A Better World** is by making a difference in our community. Stop by the Children's Library to choose an idea from our display, or share your own idea for how you making Anacortes a better community.

All month long...Read Without Walls Author Gene Luen Yang is the National Ambassador for Young People's Literature and he is challenging us to read outside our comfort zone by:

1. Reading a book about a character who doesn't look like you or live like you.
2. Read a book about a topic you don't know much about.
3. Read a book in a format that you don't normally read for fun. This might be a chapter book, a graphic novel, a book in verse, a picture book, or a hybrid book.

Reading Without Walls can help us build empathy, which can make our community a better place! Come see us in the library and we can suggest a book.
