a picture mosaic of student life throughout the year

anacortes high school
anacortes washington
appreciation, beauty, friendship, truth... to form a special kind of mosaic—a mosaic of student life.
during the years spent in our high school we draw together fragments of knowledge, patience, intelligence, sorrow
the times when we must be alone
to fashion our dreams and determine our goals—a fraction of that mosaic.
and when we find it necessary
to carve
our beings
in some solid stuff—

a fraction of that mosaic.
a fraction of that mosaic.
we are impatient with questions and given incomplete answers—
a fraction of that mosaic.
memories
of nights filled with music
crowded laughter
days when cares
were momentarily
forgotten—

fall is a season of shedding the past.
fall is a time of reunion.
it is a time of endless new activities
and plans to be carried through with
crisp, fresh energy.
the time of hustle and bustle is fall.

fall is glowing cheeks and sparkling eyes.
it is time for cheering, boosting of spirits.
it is a time of planning and working together.
fall is a fraction of that mosaic.
for seniors -- an end to twelve eventful years, and
a time to remember, and a time to forget.
a time to weep,
and to laugh.
a time for victory,
and for defeat.
for being together.

and being alone.
a time to lead,
and a time to follow.
a time to keep,
and a time to cast away.
a time for new friendships founded,

visiting with us this year is miss aimee moore, our foreign exchange student from springs, south africa. aimee has become an active member of our community. she was stage manager of the fall play, the addition machine, and had a lead role in the solid gold cabaret. the spring all-school play. aimee loves sports and was an active member of the girls' athletic club. surely to be remembered by many are the kind efforts performed by her american friends, miss patty hensell. arranged for transportation, lessons, and a season pass to ski at me. bakers through the donations of kiwanis, rotary, and soroptimists clubs. this was made possible financially. hill cheer donated skis and boots. vons were. pants and down sweater. jacket.

and will be leaving with us the remembrance of many worthwhile tasks which she performed throughout the year sharing with us her knowledge of her country.

let us hope that she will take with her fond memories of her year spent at a.h.s.
and old friendships kept.

We had the talent we needed to get together and work as a team. It was hard work and practice made the dream come true. We progressed throughout the season to become the best passing team in the league. We never gave up. We kept hitting right down to the gun.

willing spirit in all the football games. Last fall saw the school's marching band, led by the majorette, the drummers, and the band, playing at halftime and accompanying the gridiron action throughout the season.

but not all were as expected as it seemed. each day after practice, the band, under the direction of Mr. Jones, went to the bandstand, practiced matching an old tune.
the adding machine

all school play of 1967, "the adding machine" directed by Mrs. Judy Rocha, left its audience with a frightening thought, "what would you do if you were replaced by a machine? would you resort to murder, feeling that it would justify everything" Mr. zero did."
winter is a time to be remembered.
a time to be together.

it’s a time to laugh with friends
and to work hard at the things we like...
while learning what we like.

winter is frosty mornings and freezing rain.
winter is bright colors against grey skys.

it’s a time for snowflakes and basketball,
laughing and crying,
cold winds and warm fires.

winter is a time of contrasts,

"a great man once said..."

A student body is not enough to make a great team. Cheers do not win a game. We've often called this team "ours".

The record was wrought, however by hard work and dedication on the part of eleven young men and above all our coaches. Remember that the victory and glory is theirs alone.

A tribute to our team and our coach is in order.

our president speaks:

I think that we have a really great student body this year. So far this year everyone has had a lot of spirit whether we were winning or losing. I hope we can keep it up for the rest of the year. Some of the clubs have put on very good shows this year and have also done many other things for the school and now all the clubs are helping with the school elections.

congratulations students! seabawks are great!

thalians

decorating the halls at christmas and ushering at school. functions are the main services of thalians.

also during the christmas season, we sent money and a box of toys and clothes to an orphanage in mexico.
Felicians started out the 1967-68 year by having a stoker sale during homecoming week as a money-making project. Our project to raise money for world service was an egg sale in the spring. During Easter we sent items to the men in Vietnam.

The purpose of Felicians is to create, maintain and extend throughout home, school and community, high standards of Christian character.
Diones is mainly a service club. During Thanksgiving we planned and delivered a Thanksgiving dinner to a needy family. During the Christmas season we sponsored a toy drive to obtain presents for deserving children in the community.

Along with these activities, we also attended inter-high school meetings, with tri-high affiliated groups in this area.
drama club

This year has brought about a change in the drama department to provide equal opportunities. In all, there were two all-school plays instead of the usual two junior and senior plays. However, this year’s directors took the initiative to make sure that there was a junior play selected and directed by the seniors; it was shown at the elementary school during the Christmas season.
