This year was busier than the past three years, but everything went well. I'd like to thank everyone for making this such a great year.

The administration threw some nasty curves throughout the year. I think that we took these changes in a positive way and made the best of them. For this I'd especially like to thank Dana, April, and Laura for their dedication, enthusiasm, and creativity.

Thanks,
Jeremy McKinley, A.S.B. President

Being a member of the A.S.B. means giving a part of yourself to benefit the student body you are representing. The ability to take time out for others, to talk to the minority groups, and to be confident with the faculty and administrators are all characteristics of being a leader in the A.S.B.

However, sacrificing a part of yourself for the students can give you a sense of accomplishment and gratification, and therefore makes all the work worthwhile.

Dana Christensen, A.S.B. Vice-President

A.S.B. OFFICERS: Jeremy McKinley, Laura Cassiday, April Thompson, Dana Christensen.
Molly Skeldon, besides being as cute as a teddy bear herself, collects them. She has lots of the fuzzy little creatures and is seen here snuggled beneath them all.

Sorrel Connor is a BIG fan of Marilyn Monroe. She has been collecting since the summer of seventh grade and has posters, videos, paper dolls, and much, much more. She is seen here with a small fraction of her collection.

Casey Schanen has been playing guitar since he was a little squirt and definitely has a talent for it. Musical ability runs in Casey’s family and is evident in his ability to often hear a song only once and then be able to play it.

Horses have been a passion of Elizabeth Loesch’s for many years. She has competed a lot and rides both English and Western. Here she is in full cowgirl attire.
Multi-talented is a good word to describe Jenny Burns. Not only does she play the violin beautifully, she also plays the electric guitar (hers happens to be neon yellow).

Concerning her pig collection, Jenny Burns blames her friend, Carol Anne Slater. Evidently, Carol Anne gave her the first couple on her 16th birthday. Since then the collection has blossomed and she now has over 50.

Jenny is not held accountable for Carol Anne Slater's nutcracker collection — that was inspired by the first time she saw The Nutcracker Ballet. Her collection, although fairly small, now contains some very valuable pieces.

Ora Cunningham has been drawing since she could hold a crayon, and it continues to be her favorite way to spend time. This is a painting she was working on in her senior year of herself when she was seven.

FOREIGN EXCHANGE

Here are our wonderful exchange students of 1989. Jennicke (lower left) has actually come to live in Anacortes while Nicole (top "The Rock") and Esther (lower right) will unfortunately have to go home at the end of the year.

Esther Sanchez came to Anacortes from Baja, Mexico. About her stay more than she says, "I love the school, I love the town, I love the people — everyone is so friendly, and there are so many fun activities!"

Nicole Wagenaar is from Bonn, Germany, and says that what she has loved most is meeting all the people, being able to participate in sports, and getting to know her host family where she really lives. She comes through, but English grammar is a little tricky.

Anacortes' own Judy Alexander spent her junior year in the land of the wind, although originally hoped to go to Austria or the Netherlands. She found Austria to be fascinating, friendly, and a lot of fun.

Jennicke Wollens-Petersen comes from Trondheim, Norway. She says she is glad she moved here because the people are cool and in her new school "the teachers are more educated in the things they teach so they are more interesting."

All of our exchange students have many talents, but the biggest is being able to adapt to a new country. Here are some Nicole Wagenaar playing the flute beautifully.

TOGA

The Toga originates from the Romans. Only men who were citizens of Rome were allowed the honor of wearing the Toga. Styles and colors varied according to the wearer’s age and position.

The movie "Animal House" brought about the first idea of Toga Day for students at A.H.S. During Homecoming 1979, this idea was carried through, leading to what is now a long-year tradition. A.H.S. Seniors now wear their Togas the last day of Homecoming Week.

STRESS: "An unavoidable effect of living that results in a fast-paced lifestyle full of competitiveness and urgency." Throughout the year, a senior undergoes a lot of pressure due to scholarship and college deadlines, in addition to being required to pass such classes as Civics and Patterns in order to graduate. Graduation also puts much strain on a senior because once the bell is flipped, your future is on the line. Towards mid-April, severe cases of "Senioritis" set in. The anticipation of being released out on your own becomes too much, but all-in-all, most of us will survive. Stress, Senioritis, and SENIORS — they all go hand in hand.

It has been a privilege for me to coach the 1989 Seahawks. They displayed a desire to win and to play the game with intensity and pride. I feel they benefited from their football experience and battled themselves for the game of life.

With the spirit at A.H.S. reaching new heights, we had a really great season. Though many of us had no experience in cheerleading, what we lacked in experience we made up for in spirit, ability to have fun, and our communication with the crowd. As a group, we got along really well and were able to enjoy ourselves at camps, school, and on the field.

Thanks to the students for all your support and good luck to next year's team and squad.

I am very proud of the team and their accomplishments this year. We played hard and showed that we can always improve.

Both teams will be returning next year. By doing so, they will continue to add depth and leadership to the program. I look forward to seeing them both next season.

To the players, I hope they will remember the happy and the sad, but how they grew in stature. I was very lucky to work with them and I hope that they will always remember me as a great person as well.

The tennis team finished a very successful season with a 12-4 record. The players’ dedicated work during practice and extra effort during the off season were important elements in the success of the team. WOMEN'S SOCCER

VARSITY VARSITY

The '92 Girls' Soccer Season was very exciting and successful. After getting off to a rather slow start with losses to Arlington (1989 League Champs) and Burlington (en route to becoming the state champion), we continued the season undefeated except for a loss to first place Mt. Vernon.

Major contributing factors to our success were an increase in individual skill level, commitment to team play, good attitudes and communication, plus a strong emphasis on offense. Our defense also showed great improvement during the season, interacting well with the offense. We were also very fortunate to have had only a few minor injuries during the season.

I am extremely pleased to have had the opportunity to coach a team with such dedication, enthusiasm, and commitment to excellence as this year's Girls' Soccer Team. I would especially like to commend the graduating seniors whose individual efforts helped to make this soccer season one to remember for years to come.

SOCCER—SEAHAWK STYLE

After playing our very first game
The whole team agreed we were "HAY LADIES" As the season progressed we got more psyched Ever since our bus drive "mashed" a bike We made a lot in our minds count, Yeah, for the first time actually really well On the bus, the song "bad day out in GREASE" The locker had never never gone any peace... To get ourselves up so we would be winners, They"d be up on "catcher" In no way, oh, drunks Some chose others thought the rivalry was like, but we really were one game to go, out In the end we almost made it to STATE, We were one game away, next year, just wait!

This year was the best we've ever had, and not just because of our record The team had a lot of good times and unity built up and all the hard time we went thru, Come back next year — Archery is for GIRLS

The 1990 season was a challenging one for the AHS Swimming and Diving team. We all set high standards and achieved them by setting our personal best times.

When we all began the season none of the girls were not experienced in competitive swimming, but by the end of the season we became the ultimate "bull" team thanks to our coach Mike Bemis, in otherwise known as "Gamaliel Bear" and his Bull-whiply. Great season girls.

To the people who supported us:
We wish to thank all the people who stayed with us through the wins, and through the losses. Our team is very proud to be the ones that put the pride back in Amherst basketball and we hope the tradition will carry on.

There were a lot of high expectations placed upon us and we can only hope that we fulfilled as many as possible. We worked hard all year round, to be the best we could be, and that's all we expected to do.

The seniors wish to thank all the underclassmen for their hard work in practice that enabled us to be competitive. We wish them the same success that we had and hope that the expectations of the team stay within sight.

I am very proud of this year’s Girls’ Varsity Basketball Team. Early in the season we set a goal to make it to the State Tournament. We then added goals of winning the League Championship and going undefeated. We accomplished every goal. This is a tribute not only to these girls and their athletic ability, but also their personal drive and determination to do their very best.

This year's basketball season went very well for me.
I've been on the team since my freshman year, but it was this year's team that I felt the closest to. Not only were we a team on the floor, but we were a team off the floor.

We've had talent in the past but we never seemed to use it. This year we were not wasting our talent and we made a goal to go to State. I am proud of Coach Miller who led us to where we wanted to go this year, and of my fellow players.

I will miss the team dearly next year, but with only two seniors leaving, the talent will remain for them to go even further. I wish the best for next year's team and to Coach Miller, who led me to where I am today.

CHEERLEADING

As a squad, we didn't have much experience, but we did have a lot of enthusiasm. We may have lacked energy at the 6 a.m. practices, but I'm proud of all our performances.

We want to thank our crowd and our booster club, but most importantly, we want to thank the teams for their dedication and success. They made this year one to remember for us all. I also want to thank this squad for all the time and commitment they put into their cheering. We'll always remember pumpsets, camp Chinese fire drills on Commercial, and "Pump Up the Jam". Keep smiling!

Cheerleaders are the epitome of leadership, school spirit, and enthusiasm. Our A.H.S. Cheerleaders are no exception. They are a very dedicated, committed, and hard working group of students who give many long hours of practice time to the fall and winter sports' seasons. CHEERLEADING / 97
With this my last year at A.H.S., I was able to look back with a fair amount of objectivity. The Swim Team has been a major part of my high school experience, and I will always look back on these years with fondness. Ever since I've been here the school has risen. We at A.H.S. have a certain pride and I like to think that it was especially evident on the swim team.

For the Seniors: Matt Castle, Matt Simpson-Phuitt, and myself, thanks to all who supported the swimmers.

Korby Parnell, Captain
The 1989-90 Boy's Swimming and Diving team worked hard towards District and State qualifying standards. We were a small group that improved daily, weekly, and personally. The divers were starting to throw the big money dives and a majority of the swimmers made District times. Senior captain Korby Parrish and Seniors Matt Castle and Matt Simpson-Pruitt helped raise us to a District level team.

Coach Bernis

This season was one of the most successful in recent history. We won two tournaments, including our own Anacortes Invitational, and finished fourth in the Blaine Tournament.

However, the year’s successes did not only come in the form of trophies. We were successful in that we had a full Varsity squad for most of the year, and the ability to compete in dual meets made it that much better.

I’d like to congratulate all the wrestlers for sticking it out through tough practices and some disappointing matches. This dedication should help make next year even better.

Coach Bob Carpenter

At the beginning of this year's soccer season the varsity dealt with much adversity. A slow start due to winter sports, the loss of a key player, and lack of enthusiasm caused the team to find themselves in a deep hole. Through hard work and much dedication the team came back to become a forceful unit in the Northwest League.

The seniors would like to thank the underclassmen who turn out year after year to keep a balanced team and to keep practices competitive. Much appreciation goes to the parents and soccer supporters for consistently coming to the games.

Concert Choir was a lot of fun this year. We raised approximately $2,000 and went to Spokane for a large workshop with 8 other choirs. We combined to form a 275 voice choir. Three people from our group were selected to go to the All-State Choir: Sara Nizer, Jeannine Keller, and Peter Woodard.

We started out with a bunch of inexperienced individuals and grew to form as one.

Swing Choir this year proved to be exciting and eventful. With approximately 25 enthusiastic students and one outstanding choir director, A.H.S.'s Swing Choir was sure to do well in all its feasts and concerts. Swing Choir members meet at 6:45 a.m. every morning (most mornings anyway).

Thanks to all members, Miss Julius, and the officers.

The Stage Band is a group of High School students who meet to play and study jazz and pop music. They perform in school concerts and at school activities. This year they participated in the North Kitsap Viking Jazz Festival Competition, and at many community events.

Mr. Bill Love is the High School’s Stage Band Director. He puts in many hours after school to help these talented musicians perfect their skills.

Mr. Love is seen at left directing the group during a rehearsal.
CONCERT BAND

The Anacortes High School Marching Band performing at our 1989 Homecoming halftime show.

Director: Mr. Bill Love

The Concert Band is one of the major musical groups at Anacortes High School. Throughout the year they hold concerts for audiences in the auditorium. Their two main performances this year were the Christmas and Spring Concerts. They also played at school assemblies and for special occasions.

During the school year the Concert Band raises money for an end-of-the-year trip. This year they sold Almond Roca to support a trip to Victoria. Once there they performed in the Victoria Day Parade. The band also represented Anacortes High School in a number of school and community parades.

The Anacortes High School Pep Band is a group of about 40 Concert Band members who donate their time to entertain people. They performed for the crowd at football and basketball games. They are dedicated to maintaining school spirit with a positive attitude.

This year, the Flag Corps team got off to a shaky start. With practice times tough to agree on and getting the dedication of each member, we had to work twice as hard to make up a routine. However, performances always worked out and everyone enjoyed them. Although we weren’t a perfect squad, and didn’t always get along, we still had some good times. We would like to encourage the participation and support of next year’s Flag Corps. Good luck!

Contrary to popular belief, Annual is not an "easy A" class. This year we were faced with hard work and tough deadlines. Even though we had many inexperienced people on the staff, we were able to come together and produce what we hoped would be a quality annual.

Despite the work, Annual Staff was also a lot of fun. The vacation days we spent working were also filled with pizza parties and good times. We all became close and helped one another whenever it was needed.

I wish next year's staff a lot of luck. I hope they can have as much fun and learn as much as we did.

Jenny Brazas takes a break to answer a question.
Newspaper proved to be more than just a class one might take to fill their schedule. It became an endless string of late nights and tense deadlines as our sometimes overmatched staff struggled to elude the bureaucratic grasp of the school district that had denied us adequate resources. However, we were able to leap the many hurdles blocking our path to a successful publication.

FBLA members munch while they listen to President Angie Starkovich.

FBLA this year was fun and exciting. Our number of members has grown from a little over 70 to over 80. FBLA was very active. We hosted a Christmas Party for underprivileged and handicapped children, did a media survey for KBRC radio station, sold Valentine’s Day carnations, worked very hard on getting a student store off the ground, and of course, our annual spring trip to Seattle to help at the Follies. We also sponsored Homecoming and Spring Fling.

The members of FBLA kept very busy this year. Without all their help we never would have gotten this much accomplished.

Over the years, FBLA (Future Business Leaders of America) has continued to grow and diversify its activities to provide its members with an opportunity to serve both the school and community. This year our membership soared to more than 80 and with additional members came more ideas, activities, and fun!

Traditionally, FBLA puts on the Homecoming Dance and Spring Tally which are always well attended and long remembered. They help with the Skagit County Christmas Party for handicapped and underprivileged children, have various fundraisers which include the sale of carnations for Valentine's Day, and always plan an exciting Spring Trip!

As the FBLA Advisor, I have the pleasure of working with these energetic, enthusiastic, and dedicated young people. I try to lend guidance and support to this group in an effort to develop confidence and leadership skills. It is my hope that all of the members derived some personal benefit from this year's activities — a lesson in self-confidence, an insight into working with different personalities, and the importance of planning, organizing, and teamwork.

My thanks to the officers and members for making this another rewarding and exciting year.

Anacortes Key Club has the longest consecutive running charter in the world. Anacortes' Key Club believes in upholding old traditions. For example, our Key Club is one of the only existing clubs in our district that consists of only guys with the exception of the Key Hearts.

The Key Hearts consist of four girls, one from each grade, to represent their class. These particular girls are elected by the club and they hold their office all through their four years of high school.

Key Club attends a district convention every year. All the clubs from the Pacific Northwest Division attend this convention. This year the convention took place at the Red Lion Inn in Bellevue, Washington.

Key Club's true existence is based on helping our community. For example, we pick up Christmas after the holidays. Key Club is a very fun and rewarding experience for all its members.

HONOR SOCIETY

Honor Society members exercise leadership, service, character, and scholarship. By maintaining a 3.0 or above GPA, a student is eligible to be a member. A 3.4 GPA earns a torch pin from the Anacortes Kiwanis and a 3.6 an honor cord to wear at graduation.

Two service credits are required a year. These can be earned by contributing to the Red Cross clothing drive, ushering, fund raisers, community projects, serving on a committee, being an officer, etc.

For fund raisers, club members directed traffic and cleaned up after the Washington State Ferry Cruise, celebrating the 100th anniversary of our State. An apple machine was installed in the lower hall of AHS with crisp, yellow golden delicious apples.

The Honor Society sponsors the reception at Awards Night. The senior members are also honored at a Kiwanis luncheon and a breakfast tour at Skagit Valley College.

Two senior members are chosen each year to apply for the National Honor Society Scholarship. This year they were Jenny Brown and Jenny Taylor. Two $100 book scholarships are also given by the club. The recipients are chosen by the faculty council: Mrs. Welk, Mr. Iron, Mrs. Koehnke, Mr. Dixon, Mr. Russell, Mr. Schroeder, and Ms. Julius.

NATURAL HELPERS

Natural Helpers is a group of students chosen by their peers. They are selected for their ability to listen and understand their friends and others. Each year, the newly chosen group attends a camp at Warm Beach. There, they enhance their listening skills, acquire new friends and reunite with old ones, and learn other skills such as not to criticize others. If you’re selected to be a Natural Helper, it is an honor, and we encourage you to take advantage of the opportunity.

In the words of Knowledge Bowl's fearless leader, Mrs. Elizabeth Moore, "The ideal Knowledge Bowl member is very quick in their recall of specific facts. They must be willing to work as a team and be able to stand the stress."

Team A: Greg Wels, Pat Swagg, Erin Conroy, Nell Anderson.

Team B: Tom Liu, Ryan Moore, Quang Liu, and Lori Weaver.

Mrs. Moore says, "This year's teams were great—they brought a new depth to the Bowl and they're really nice kids—they behaved like ladies and gentlemen—pleasing."

Team C: Chris Becker, Tyler Starkovich, Osa Cunningham, Anna Fahy, Mark Oppe.

The House of Representatives is the governing body at Anacortes High School, consisting of ASB officers, class officers, club leaders, and sixth period representatives. The goal of the House each month is to unite the needs and concerns of the administration with the ideas and interests of the students. The House of Reps makes important decisions that affect the student body as a whole. Issues we faced this year included the two-lunch system, dances, royalty, and homecoming. Each meeting was full of fun and hard work, along with the satisfaction of making the administrators aware of student opinion.

The French Club is a group of dedicated students who put forth time and effort to raise money for a two-week trip to France. Members are in the club for two years to raise funds for their journey. Fundraisers include a raffle booth at the Arts & Crafts Festival, a community 50's & 60's dance, selling smoked salmon at Christmas and selling Seahawk Spirit T-shirts.

SPANISH CLUB

OFFICERS: Tracy Kessler, President; Claire Vandershue, Vice-President.

The goal of the Spanish Club is also a trip, only theirs is an annual one to Mexico. This opportunity allows members to enrich their language skills and learn about the culture of a foreign country.
Auto Club is a place for students who are interested in their skills. Car participated in the Chrysler Trouble Shooting Contest and the Pacific Auto Shows Outstanding Automotive Student Competition. They have various fund raisers and usually a field trip or two.

This year’s Winter Tolo was one of the best dances I have attended in my 4 year dancing career. It was an honor to be named King Santa. As Santa I exploded on the dance floor and won the “Doin’ the Butt” contest.

I want to add that Jeremy McKinley did a fine job of organizing Winter Tolo.
