Seniors

Seniors study hard before the day begins...probably for a test in Mr. Kloke's class. Good Luck!

Office

Winter, Spring, Summer, and Fall. At AHS, school spirit isn't just seasonal.

Homecoming

Juniors

Just one year away from graduation, the Juniors pump up the volume, get together, and show some school spirit!

Fall Sports

With the move to AAA, the Seahawk sports teams have stepped up to a new level of competition.

Sophomores

Sophomores show their spirit at a football game. The class of 2000 has been loud and energetic throughout the year.
AHS took winter by storm; our opponents were frozen stiff.

New additions successfully integrate themselves with our old traditions.

With the spring thaw, Seahawks sizzled red hot and burned up the sports scene.

With open books and open minds, the teachers and staff of Anacortes High led a year filled with Seahawk Pride.

From B.R.A. to Knowledge Bowl, Supreme Court to Band, clubs inspire involvement from a diverse group of people.

36 Homecoming

Right: Sophomore class float.
This year’s homecoming was brought about by some new additions and old traditions. This year, 254 freshman, for the very first time, experienced what homecoming week at Anacortes High School was about. For the 200 seniors, it was the last opportunity to walk through the lavishly decorated halls.

The homecoming theme for 1997 was the “Four Seasons”. Although class competitions are an old tradition, a community panel added a new perspective. Selected volunteers judged such activities as lip syncs, lunch time activities, and floats. With this method the judging was fair. Amidst the fervor, students and faculty welcomed back alumni and filled the halls with spirit and pride. From lunch time chaos to late night giddiness, the week was a success.

The Seahawk Baseball team started the 1998 season with high hopes. Twelve lettermen returned, giving the team a returning starter at every position. Experience is in big supply with 5 seniors and 7 juniors as a nucleus. Returning seniors Brad Andrew, Jon Backman, Brett McFarlane, Justin McIntyre, and Kevin Spaulding will carry the leadership roles for this year’s club.

With last year's seniors gone, there was a void in the softball program, one that would hopefully be filled with better than ever returning players and the new freshmen.

The team set high, yet attainable goals and worked diligently all season to make sure those goals were met. An excellent coaching staff added strength to our old tradition of softball.
Track

With the addition of eight new coaches and many new freshmen, this year's track season was a blast. This year nine track coaches helped everyone build and improve their personal events. With enough coaches to cover all of the events, the track team was much more successful. We sent many athletes in many events to the district and state level.
Varsity Women's Tennis

Senior Sludgs
This year's women's tennis team got off to a great start. Many went into the season with hopes of success and high expectations.

Even with the loss of four seniors from the previous year, the team managed to do an excellent job and left many opponents in awe. Unfortunately, the team will be losing six seniors including Sally Burton, Natalie King, Jonice Whitney, Glen Andrews, Lara Braski, and Julie Gleas.

In the end, all the hard work paid off. For most, it was a season filled with good times, lots of memories, and outstanding matches.
The Men's Soccer team was dealt a hard hand in the start of the season. It was up to this year's athletes to prove that soccer is a game of skill and hard work. The 8 seniors were more than capable of leading the team through a successful season. Although the Men's team was on probation, they hoped to continually work towards league triumphs.

The Women's Golf team at Anacortes High School is a new addition to the athletic program. Thanks to Mr. Kloe, we now are into our second season. With only three returning members, team unity was a major goal.
Coached by Mr. Klocek and Mr. Kaesmeyer, the Anchorage men's golf team set its sights high this season. The men's team is looking to have a large turnout this year. Over 60 students tried out for the team. "We might have to make cuts this year. This would be the first time this would have to happen since I've been coach," Kaesmeyer exclaimed. This enables Anchorage to bring a stronger team to competitive events.

National Merit Scholars

Every year Juniors have the opportunity to take the PSATs. Hundreds of thousands of students take the test each year. Out of all those students, a few are selected as National Merit semi-finalists. Robert Kennedy and Christen Jungren were chosen this year to be judged against semi-finalists from other schools across the nation. Not only is this a tremendous honor, nation wide, but winners are awarded handsome scholarships.

Congratulations

Nineteen ninety-seven at AIS. New principal, new vice principal, new teachers, a new superintendent, new construction, and new ASB officers. We welcomed the class of 2001 and said goodbye to the class of 1998.

We had the unique opportunity this year to do things differently in the ASB and at AIS. We enhanced existing programs, created new ones. We corrected prior errors. We opened up communication between the students, teachers, and staff. We did it with everyone's help.

Our goal in the ASB was to facilitate and promote your involvement in school functions and activities. We hope to make school better for students - not just to provide you with the opportunity to be helped by us, but to actively request input, suggestions, and criticism from the student body.

We accomplished a lot this year and had a lot to be proud of. But remember, everyone's involvement and energy were required to "make it so."

-Ryan Walters

Running the ASB this past year has been a joy for all of us. Though we accomplished and achieved many of our goals, there is still much work to be done. This student government will soon become the responsibility of another set of ASB officers. To them and their leadership do we commit our future.

To Brent [BJ] Morrison:

As you head into the world, remember these three things:
1. We're proud of you. Your impressive academic and entrepreneurial achievements required dedication, hard work and uncompromising ethics. These qualities will take you far in life.
2. Thank you. Thanks for the 18 years of fun, will, companionship, and challenges. Thanks for making the right decisions (most of the time) and staying on course for a happy and successful life.
3. Courteous. As you travel down the bumpy road of life, our love and support will always be with you.

Love & Best Wishes,
Mom & Dad

Sally,

Congratulations! We think you're the greatest. Wishing you joy in all that you do in the years to come.
