Well & nice letter from John. We had a great time. Call a couple more.

Mrs. Monroe (Lou and Mary)

I wish you all the luck and happiness in the world.

Dear Leon,
We've certainly missed you and Marine when girls' cheer-meetings came along. You kids sure helped out lots and lots. I hope you enjoy Alaska, but don't forget the good times in Alaska.

A friend,

Dear Ruby,

Well, didn't get to finish this year, but you did. Remember the pin we made? Remember down at Anna Marie.

Remember the pin a few years ago? You're till we met again.

Dear Rudy:

Don't forget to sell flowers at the grand place. I'll see you there. Have a good time in Alaska; because it's one grand place. Good luck to you.

Marguerite.

Well, Hello Laode (as my cold.)

Well, it seems as if you'll be back again, me writing in your annual. How do I seem to get everyone's signatures? Well, be good.

There's wishing you the best of everything.

Love, Donna.

(my cold again)
Darling Pudge:

Doggone, the old place isn’t the same without you down here. Dust goes around help a chicken with his head cut off. By the way, Weldon and I got elected as Student Body President. We call ourselves the pedestrian now. Too bad you can’t be here for the Graduation Ball—few.

Well hurry back, you sweet little thing.

Dear Iona,

How is you and that Russian coming? that you paid you was going to get - are you hitched yet? 0? Don't raise too much. I mean seeing you around down at the dances and what not but I guess that's just life - don't you? You should be here now. We Chids want to have another Black Party and the closest we can pick to you is Alice so I guess that's O.K. (catch what I mean this is too open for everybody). Don't forget all the swell times we have had riding bikes and to the bridge and everything else. I wont much when it comes to writing so keep in touch now but be good and treat yourself nice.

Love

FOREWORD
LOOKING BACK TO THE FRONTIER STATE OF FIFTY YEARS AGO, WE SEE THAT WASHINGTON HAS MADE GREAT PROGRESS IN ITS HALF CENTURY OF GROWTH.

THIS YEAR, AS WE CELEBRATE OUR GOLDEN JUBILEE, WE REALIZE THAT OUR STATE'S CITIES, INDUSTRIES AND EDUCATIONAL SYSTEM RIVAL OR SURPASS THOSE OF ANY IN THE UNITED STATES.
Dearest [Name],

This is the only page that was empty, but I guess that it's just as good as any (just now)

Not that anybody misses you at anything here—(you know Anacotes) but how in the corn are you? It sure doesn't seem the same here, without your—no bull.

Brings us how it's not very far, you'll better come down and help us "Buds" decorate for Graduation next Thursday. You try and make it well ya?

But on second thought you'd better stay away until after the tests are over 'cause they sure seem plenty tough this time. I flunked my French test yesterday and I didn't do too good in Chemistry this morning. Our Eng. test was a snap—Even I passed that.

Well I'm again at a loss for words (My excuse in those old notes, but it won't work this time)

We were all wondering if the boat sank or what 'cause we (Alice & I) haven't heard from you. Maybe you're waiting for me, huh? This'll be my turn—okay?

Well, this page is practically gone (so too)

P.S. How's the French? Love, [Name]
For his untiring efforts and inspiration to students in scholastic and social activities, the Class of 1939 dedicates its Annual to

KIRVIN SMITH

Mr. Smith has given us more than just knowledge from books; he has instilled in us the desire to think, and the wish to progress.
Hi Budgy,

Remember we were going to go swimming together this spring but we never got around to it--damn it. I've always had a good time scrapping with you & flirting at a long distance. The only times I didn't think much of you was when you used to keep Gus busy until about 4:15 during basketball season so he didn't get out there in time so he had to do all the work. Oh well, it didn't hurt me. I still think you were nuts for quitting school but that's your hard luck & not mine. I hope you have a swell time this summer & also lots of luck.

Love

Gene

Dearest Darling Jackie

Jack the same dumb—my writing in your annual and yours not writing in mine and dumher yet—having the kids sign your annual. These annuals ain't so terrible bad—but wait until next year—do you want an annual next year? I've been trying to get late of kids to sign this and I hope I am successful—am I? Jack—I guess its yours and mine custom to write a whole page in three jigger. Well you can't very well write in mine but I guess I can. Notice I'm writing small and close together so I can get late on here. All I can say is remember all the grand times we've had down here in the states. Me giving you your thorn, and me sliding on your mom's newly varnishil' floor. Nice—wasn't it! But I have a few scars to remember you with to—my elbow and feet from bicycle riding. Jack Jackie dear—this is the first time I've written to you since you left and well, I feel blue when I think of you—But I hope you are having one of a good time and don't get homesick. I know you can't with nurses there and you're probably making loads of new friends. Well, four more days of this school house and I'll be a senior—I hope!!! Well your one and only Jack is our new president—aren't you proud? Our Junior Clinic was also a success—but we missed you. Remember all our keen times and hurry home so we can have some more before we are old ladies.
It is virtually impossible to visualize any other spot so truly an outing place as Mount Rainier. But a short hour's drive from the places immersed in the gruelling toil of life, its environment is one of most pleasurable, intelligent festivity. Each visitor for the time being having shed dull care, is filling his lungs with pure, rarefied air; and always the physical elevation brings an elevation of spirit. One has but to try it to know that, more than any other class of humanity, the earth's most earthy should occasionally get up in God's beautiful clouds.
Dear Reona,

We sure have missed you.

Sincerely,

Jane Hallon

Dear Uncle,

I came up from Hanging Tree Farm today and we had talked about your going back to college. I hope you do get back to college some day.

I’m gorging on steak.

Good luck.

Superintendent
De FORE CRAMBLITT

DeFore Cramblitt, superintendent of Anacortes Schools, makes service one of his main objectives. A standing phrase he uses for students and teachers is, "Be sure to call on me if I can help you in any way."

His constant aim is to improve the school system. He is eager to see school activities a success, and is a staunch supporter of school affairs.

Ready and willing to give advice drawn from his years of experience, DeFore Cramblitt has had for years a motto which he urges youth to follow: "Be Your Own Ideal."

Principal
W. C. HICKLIN

One of the most complimentary remarks a student can make concerning an instructor is, "He's a regular fellow." That remark has been made repeatedly concerning Wendell C. Hicklin, Anacortes High School principal. His four years in Anacortes schools has given him contact with hundreds of students, and, consequently, hundreds of friends.

His class in advanced mathematics ranks among the most interesting in school. He is fond of illustrating principles with down-to-earth problems, many of them from his own experiences.

Advisor, leader, humorist and friend, Mr. Hicklin is respected and admired by students and teachers alike.

The deep, placid lakes of eastern Washington represent a beauty of their own, quite different from that of the rugged, mountainous portion of the state... quiet waters, restful and conducive to thought and study.
Dear Florence,

Well, how are you and the family now? As we greet another greased pole, we're making our way back to your presence again. As the season of greased poles and mistletoe, we're all charming each other with our smiles and gestures. I hope you're having a wonderful time. I've been good, I've been home, and I've been taking care of things.

We're all missing you and your warmth. I wish you could be here with us, feeling the snowflakes fall gently on your face. It's been a challenging time, but I'm grateful for every moment we've shared, even if they're far away.

Love,

P.S. Merry Christmas!
MOST VERSATILE BOY

To Albert Boulton, Big “A” president, goes the title of most VERSATILE BOY. The definition of versatile is “turning with ease from one thing to another; having many aptitudes.”

Basketball, baseball, Key Club, Big “A”—these are just some of the activities in which “Alby” participated.

MOST VERSATILE GIRL

Chosen by her classmates as the “best citizen” in the contest sponsored by the Daughters of the American Revolution, this year, Betty Batchelder also took first place as most VERSATILE GIRL.

Choir, Girls’ Sextette, Girls’ Club corresponding secretary, are a few of the many activities which have entered her school career.

Dear Lora,

I’ll always remember the fun times we had on that cruise to Alaska—how I wish we could have a second visit. I hope you have a lovely time in Alaska—Besley

Hubert DeBoer’s hog has just won a blue ribbon at the Anacortes World’s Fair.

LaVerne Deane is a dime-dance man at the New York Taxi Club.

Ken Detwiler has become a hermit on Jack Island after losing the presidential election of 1960.

Bill Entus is a kindergarten teacher at the Northern State Hospital.

Helen Elvebak is happily married to one of her many admirers.

Gladys Fox, a deep sea diver, is attempting to retrieve the long-lost Guemses ferry.

Robert Giles is a “pest-mist.” He is ag’in swing, since he nearly swung (at the end of a rope) for the murder of Jane Doe.

Bruce Goff is milking cows for Smith’s Dairy. His position is endangered, however, because Farmer Smith caught him teaching the cows to “truck on down.”

Gutorm Gregersen has just completed his book, “How to Raise Children Correctly.”

Mary Gugich is an expert on tree diseases. She is also very fond of bugs.

Henry Hammill is the new feather-weight champion of the world.

Darrell Harris is a “tight” rope walker in the new Anacortes Amateur Circus.

Mildred Hurlburt gave a command performance before the King of Slam. She is a world-famous interpretative dancer.

Irene Jacobsen is superintendent of an old ladies’ home in Old Ham, South Carolina.

Dorothy Kuhn is the leader of the Red Hot Swing Band in Anacortes.

Betty Lee is the queen of Chicago’s underworld. She is Public Enemy No. 1 and has never been caught.

Louise Merchant was crowned “Miss America” by the judges from the forty-eight states.

Marge Mower was pronounced the most feminine model by Paris fashion designers.
Pearl Nicholson is the popular bubble dancer at the Anacortes World’s Fair.
Jack Norman is currently appearing in the title role of “Tom Thumb” at the Anacortes Opera Company.
Manie Olsen is breeding thoroughbred horses on her Dude ranch in Montana.
Winton Olson, a French chef, was inspired to do this work by Mr. Hammond, his French teacher.
Bernice Peters is now the White Goddess of the “Foo Foo” tribe in Africa.
Bill Padgett is the expert stock broker who caused the 1960 stock inflation.
Gene Redd is a prominent citizen and active member of his church.
Lyla Reddig has retired from active life to perfect her hobby of charming snakes.
Stanley Richmond is a bull fighter in Spain. He has yet to find Ferdinand.
Barbara Robinson and Albert Swapp, after a long engagement, were married June 18, 1960.
Dr. Clarence Rolph, after years of research, has just announced a sure cure for hiccups.
LaVerda Rowell is still trying to attain the goal she has set before her—swimming the Guemes channel by using only one arm.
Irene Scholl, owner of the S. S. Scholl, competing with P. B. for the captain's attentions.
Ralph Schillio has retired on his savings. He was a former W. P. A. worker.
Carolyn Shaw is a Gypsy fortune teller who tells fortunes to men only.
Fern Shull is now working in the Chicago slums.
Alfred Smith is a house-to-house salesman for the Fuller Brush company.
Helene Smith is now appearing in the role of “Carmen” in the Metropolitan Opera company.
Alvin Sparks is Monsieur Louie, world-wide known beauty expert.
Marven Sprague is a successful Brazil coffee raiser. His slogan is: “Fragrant, refreshing and invigorating.”
Ronnie Springer is a famous dress designer for Hollywood movie stars.
Evelyn Stolzen is a slap-stick comedian. Among her imitations are “Baby Snooks,”
Charlie Chaplin, Ben Blue and Martha Raye.
Elaine Strickland is the greatest woman wrestler of all times. She has never lost a match.
Olive Strom is still trying to work her way through the University of Washington by collecting and killing bed bugs. She is now a sophomore.
Bob Verrall is a peanut and popcorn seller at the World’s series.

Class Calendar

Aug. 29—August 29 was the day
We had to stop our play.

Sept. 5—September 5 we all shirked:
That was the day that no one worked.

Sept. 17—Concrete Mixers aren't so hot;
Sea Hawks won by a powerful lot.—34 to 0.

Sept. 24—Arlington Eagles won this game:
Anacortes went home in shame.—6 to 0.

Oct. 1—At last we caught our stride
And took Snohomish for a ride.—13 to 0.

Oct. 8—Bellingham, our traditional foe,
We sent home full of woe.—14 to 13.

Oct. 15—Burlington thought they'd win this game,
But we left the Tigers feeling tame.—13 to 12.

Oct. 22—Marysville can play good football;
We didn't have a chance at all.—46 to 7.

Oct. 29—Sedro-Woolley took this game,
But we love 'em just the same.

Nov. 3, 4, 5—Our leaders went to the U;
They went down to learn what to do.

Nov. 4—Juniors had their annual ball;
The school attended, one and all.

Nov. 8—At Mount Vernon there was debate,
And all the kids were quite sedate.

Nov. 10—We had a rally to get some pep;
We all had fun............yep!

Nov. 11—We played Mount Vernon on this day,
And we lost; we weren't so gay.—14 to 0.

Nov. 19—County girls played volley ball,
When our G. A. C. invited them all.

Dec. 6—Basketball started the proper way;
LaConner lost the game this day.—38 to 13.

Dec. 9—We all went to the senior play,
And the seniors had their day.

Dec. 10—Edison found a spark of life,
Led us in a day of strife.—40 to 30.

Dec. 13—One point won for Marysville,
Made us feel very ill.—31 to 20.

Dec. 14—Magicians stole the show today,
One of those assemblies where you pay.
Action at every glance... restless, powerful, and sorry to say, sometimes destructive. That's the Pacific Ocean. Yet it is wonderful to behold, majestic, seemingly unlimited. It is of limitless service and pleasure to mankind.
Dear Sweet Fudge:

I don't know how to start to tell you all the things I have in mind. You know I was the Guy that was crazy about you in the Melon, and kept getting in your hair. But it wasn't my fault because there was no reason for you being so good looking.

I guess I'll have to live in my memories, boy there died.

We sure had lots of fun when we were just little tots. I read some of those poems you wrote for English they were swell.

"Well I tried to tell a page but can't make it.
Lots of luck!"

Love,

Ronnie Springer
COACH BOULTON

Mr. Boulton has just completed his ninth year on the coaching staff of Anacortes High School. He performed the duties of assistant coach of football, basketball and baseball for the first seven years. In his eighth year he was assistant football coach, and filled the capacity of head basketball coach for the entire season. As head basketball coach last year he led a county and district basketball championship team to fourth place at the State tournament.

This year he went to work with only one veteran and rounded out a county championship team.

He also served this year as assistant football coach and head tennis and baseball coach.

Mr. Boulton is a well-liked coach, and he knows coaching, so you may rest assured that with this unbeatable combination his future teams will do big things.

COACH WOOTEN

Mr. Wooten, the popular football coach, has done commendable work during the first year in his coaching position at Anacortes.

He served as head football coach, second team basketball coach, and track mentor during the year. Although the football boys won no honors in the county, Coach Wooten has shaped them from a large group of inexperienced players into a well-balanced team. Not only did he do big things with the football team, but he also tutored the basketball second team to a county championship.

Looking at his past year’s work, it seems only reasonable to suppose that he will be able to form other fine championship teams at A. H. S.
Back row: Cook, Fullback; Jarvis, Fullback; Doman, Halfback; Noggle, Halfback; Goff, Halfback; Carter, Quarterback.

Front row: E. Burgess (Capt.), R. End; B. Burgess, R. Tackle; Peterson, R. Guard; Campbell, Center; Maris, L. Guard; DeBoer, L. Tackle; Gildén, L. End.

FOOTBALL SUMMARY

There is a crisp tension in the autumn air. The crowd has filed into the stands—and then the big moment arrives—the Seahawk team comes dashing onto the gridiron with the usual abundance of the “three V’s”: vim, vigor and vitality.

The team started what looked to be a successful season, defeating Concrete by the largest score made by the team, 34-0. In the second game against Arlington, the Seahawks lost by the narrow margin of six points. They went on to win the next three games in a row, one of them from Bellingham, a top-heavy favorite, by one point. The next game was lost to Marysville, 46-7, the highest score made against Anacortes during the entire season. In a serious let-down caused by the loss of team members, the Seahawks dropped their last two games to Sedro-Woolley and Mount Vernon, and in neither did they score a point.

BASKETBALL SUMMARY

Losing several of the practice games by close margins, the Seahawks were not looked on as contenders for the county title. Coming back after a defeat by Mount Vernon in the first conference game, they went through the remaining season with but one loss, and that to Sedro-Woolley. This tied them with Sedro-Woolley and Edison for the county championship. By defeating Edison in the playoff game, they earned the right to go to the District Tournament at Bellingham.

At the tournament the Seahawks lost a heartbreaker to Arlington in an overtime period of the first game, and were eliminated by Sedro-Woolley in the second contest.

Dec. 16—Musical festival at school,  
To celebrate the coming Yule.

Dec. 17—We went to Lynden feeling good;  
We didn't win; we thought we would.—24 to 30.

Dec. 23 to Jan. 3—A vacation is one of the nicest things  
That dear old Santa ever brings.

Dec. 30—The Bellingham Raiders got in our hair,  
But we beat them in their own hair.—30 to 29.

Jan. 5—Three Swiss yodelers played and sang;  
Their voices from the rafters rang.

Jan. 6—Mount Vernon played so well this day  
That we didn't feel so very gay.—41 to 30.

Jan. 11 to 13—The semester tests were held three days,  
And we regretted our careless ways.

Jan. 11—To Bellingham, to Bellingham, to win a debate,  
But something went wrong; we just didn't rate.

Jan. 13—We took our team to Hamilton,  
And they felt bad because we won.—37 to 11.

Jan. 14—Lynden played us on our floor,  
And they left us feeling sore.—39 to 35.

Jan. 20—Woolley thought they'd take this game,  
But now they don't feel the same.—39 to 29.

Jan. 21—Paddles bring memories bound to stay  
At initiations by the Big "A".

Jan. 24—Coach Rhodes LaConner has got,  
But our good team they have not.—38 to 22.

Jan. 27—Burlington Tigers attacked us here,  
But we showed them Sea Hawks have no fear.—47 to 33.

Feb. 1—With applause we tried the roof to raise  
When C. P. S. Choir received our praise.

Feb. 3—Concrete Mixers had the wrong concoction;  
We raised the score as tho 'twere an auction.—46 to 27.

Feb. 7—We went to Edison to play,  
And came home feeling very gay.—32 to 28.

Feb. 10—We went to Mt. Vernon—our score was high;  
Mt. Vernon was "irritated"—we wonder why? 48 to 21.

Feb. 22—We thank George Washington for—Hurray!  
He gave us a February holiday.

Feb. 23—F. C. Davison gave us a talk,  
And we liked it quite a lot.

TENNIS SUMMARY

Determination to win marked this year's tennis team, but experience was lacking; an up and down season was the result. Three lettermen remained on the squad from last year: Winton Olson, senior; Carlton, Amsberry, junior; and Ben Driftmier, junior. Outstanding new-comers were Gordon Flannigan, sophomore, and Ray Pinson, junior. Losing but one player from this team, the hopes for the future are good because of the added experience gained this season.

Standing: Pinson, Driftmier, Flannigan, Coach Boulton.
Kneeling: Amsberry, Olson, Raeder (Manager).

** ** **

TRACK SUMMARY

On the track team this season there were only a few of the veterans of last year's team. Gregersen and Gilden, distance runners on last year's team, were back again. Bassett, the "sprinting mite," was on the team again this year to try his hand at the low hurdles and hundred-yard dash.

Under the careful guidance of Coach Wooten, the team was able to improve very rapidly and was able to leave several of the opposing county teams in the dust.

Standing: Coach Wooten, Smith, Goff, Gregersen, Driftmier, Gilden, Charlot, Anderson, Burgett.
Kneeling: Rolph, Bassett, Buchanan, Demopolous, White, Biendl, Maris.

** ** **

BASEBALL SUMMARY

With nearly the entire baseball team made up of last year's team members, the Seahawk nine was able to gain vengeance this year for the loss of the county championship that they suffered last season.

Veterans from last year's team are: Boulton, second base; Burgess, first base; Verrall, outfield; Jarvis, third base and pitcher; Boman, third base and catcher; Noggle, shortstop; Cook, catcher; and Sparks, pitcher.

With this wonderful material, Coach Boulton turned out one of the finest teams that has ever represented the Purple and White.

Standing: Boulton, Burgess, Noggle, Verrall, Sparks, Boman, Jarvis, Coach Boulton.
Seated: Managers Raeder, Maris, Tietjen.
FOOTBALL ACTION SHOT

This is the second consecutive year Anacortes has defeated Bellingham, the top-
scoring team for the game. The score last year was 34.

In this year’s game Anacortes had a touchdown and a try-for-point to the good
kicker. The team became lax and allowed Bellingham to push over a touchdown and
nearly make the try-for-point to tie the score.

Anacortes-Bellingham game—First touchdown, Goff, off-tackle. Second, pass, Boman
Goff, 53; B. Burgess, 43; Jarvis, 18; Goff, by referee. (Score: A. H.

Girls’ Tennis

This year more girls turned out for tennis than ever before. With competition
greater and more turnouts held than last year, a successful season was had.

Olson, Carolyn Shaw, Mary Stapp, Bette Brown, Phyllis Ben-

can, Berneice Peters, Emily Antonovich, Betty Lee, Gertrude Holtgerts, LaVerta Rovell.

It was too
bad you left
school
who out I
missed you and
your musical talent.

Lots of love,

BASKETBALL

The junior girls won first place in the basketball tournament, winning seven games, tying two and losing none. Winning five and losing four, the sophomore girls took second place. With the girls refereeing, keeping score and time, and playing, they were able to learn something about all phases of the game.

Twelve girls, accompanied by Miss Forcum, took part in the Basketball Playday at Sedro-Woolley, January 21.

Upper row: Marguerite Andrich, Annette Olin, Margaret Thomas, Mary Stapp, Emily Antonovich, Dean White, Vivian Mondhan.
Lower row: Jackie Richmond, Althea Welk, Lydia Chiabai, Bette Brown, Florence Campbell, Patsy Timmons, Margaret Moyer, Carol Hansen.

* * *

JOLLY BALL

By winning the playoff game, the junior girls took first place in the jolly ball tournament and the senior girls took second. Scores from each game were added up; the two teams having the most points played for first and second place. Twenty-five extra points were given to the junior girls for being on the winning team.

Girls of the Anacortes Girls' Athletic Club acted as hostesses at a Jolly and Volley Ball Playday held here November 19. Four schools, including Burlington, LaConner, Mount Vernon and Sedro-Woolley, attended.

Upper row: Annette Olin, Margaret Thomas, Gertrude Holtgerts, Vivian Mondhan, Beverly Cook, Emily Antonovich, LaVerda Rowell, Louise Merchant, Mary Stapp, Phyllis Benson.
Lower row: Olive Strom, Betty Lee, Carolyn Shaw, Bernice Peters.

* * *

TUMBLING

With twenty new stunts to learn, the girls turning out for tumbling were kept busy. Five points were given for each stunt done correctly, enabling a girl to earn a total of 100 points.

The pyramid shown at the left is one of the simpler ones. Other stunts the girls learned are the Shuttle Roll; Forward Roll over three, four, five and six girls; Bear Dance; Back Flip; Crab Walk; Head Stand; Shadow Cartwheels and nine pyramids.

Left to right: Carol Hansen, Helen Dolph, Althea Welk, Inez Filterolf, Louise Merchant, Lucite Reddig, Mary Stapp, Charlotte Matthews, Olive Strom, Marguerite Andrich, Rosemary Downie, Bette Brown.
BADMINTON

These girls, turning out for badminton, are all considered good prospects for winning the Girls' Badminton Plaque this year. The two girls' names, who win first place in the tournament, will be placed on the plaque at the end of the season. It will be presented to them at the award assembly held at the end of the year.

Upper row: Margaret Thomas, Ethel Norman, Gertrude Holtgerts, Vivian Mondhan, LaVerta Rowell.
Lower row: Bernice Peters, Phyllis Benson, Dean White, Carolyn Shaw.

** **

SOCER

Winning three out of five games, the Shorts won the twenty-five extra points given to the winning team in soccer.

Left to right: Mary Stapp, ReVae Olson, Gertrude Holtgerts, Bette Brown Beverly Cook, Olive Strom, Carolyn Shaw, Betty Lee, Phyllis Benson, Lydia Chiabai, LaVerne Baer, Bernice Peters, LaVerta Rowell, Dean White.

** **

BASEBALL

Although all the girls shown in this picture do not turn out for baseball, it is still one of the popular sports. Because the girls turn out for so many sports during the year, it is necessary to have the baseball and tennis turnouts at the same time.

The girls shown in this picture are girls who turn out for the different girls' sports. Not all of them belong to the Girls' Athletic Club, but to earn enough points to join the club, to earn their letter and awards, is their goal. To join the club 200 points are necessary; to earn a letter, 800 points; the first and second chevrons, 500; a star, 400.

Upper row: Gertrude Holtgerts, ReVae Olson, Mary Stapp, Miss Forcum, LaVerta Rowell, Dean White.
Lower row: Olive Strom, Bette Brown, Beverly Cook, Carolyn Shaw, Bernice Peters, Lydia Chiabai, LaVerne Baer, Betty Lee, Phyllis Benson.
Class Calendar

Feb. 17—A tisket, a tasket, we lost by a basket; Sedro-Woolley with joy laid us in a casket. 26 to 24.

Feb. 24—This game meant an awful lot to us, So we thought we’d take it thus—54 to 37.

Feb. 27—We played Edison to break a tie, Boy, our score was powerfully high—53 to 27.

Mar. 1, 2—The District Tournament was held four days; We must have mislaid our winning ways.

Mar. 24—Prof. Wilson spoke on minds, The students enjoyed him, from all signs.

Mar. 31—The operetta was quite a thing, But it seems all they did was sing.

April 1—Sedro-Woolley had a track meet. We let our boys go as a treat.

April 6, 7—Spring fever affects us so many ways, We took a vacation for four days.

April 14—Baseball started at Mount Vernon. We saw some plain and fancy hurlin’.

April 15—We sent our boys to a track meet And commanded them to do it neat.

April 21—At Hamilton we played a game—Baseball is the proper name.

May 5—The Seniors gave their annual ball, They held it in Community Hall.

May 6—Sophomores had a jolly day, At their picnic they did play.

May 11—Today we had a Mothers’ Tea, Really ideal hostesses, we.

May 12—Burlington played baseball here; We went out and gave them a cheer.

May 13—A county track meet was held, But only a few boys excelled.

May 13—Juniors and Seniors had their day, But in a different place and way.

May 21—Baccalaureate was sedate, For the seniors at any rate.

May 25—This was graduation day; The seniors turned out in fine array.

May 26—Our school did end on this fine day, And sent the seniors on their way.
The pictures tell the story better than words. (Top) The inauguration of the first governor, E. P. Ferry, November 11, 1889, at the same spot where the present Capitol is located. Other pictures show the progress in the capitol buildings from then until now.
Cheney

Above—A building of the State Normal School today. See the progress made in this school and in the town as shown by the pictures at the top and bottom of this page.

The two pictures above are not damaged, but they are “old timers.” Below—Cheney in 1890.
To the pioneers of Washington, the Anacortes Hotel, finished in May, 1890, was a marvel. Its exclusive and luxurious facilities attracted the elite from all over the West.

**Anacortes**

Reverend E. O. Tade was very proud of the temporary house his neighbors built him in one day so that he might have a place to hold his services until his own home was completed.

Proudest of all, however, was Dr. T. B. Childs of his store, the first store ever built in Anacortes.

How proud Reverend Tade and the other pioneers would be if they could view Anacortes from Cap Sante today.
Spokane

The falls and footbridge in 1887 were a pretty spot, and here grew one of the nation's most distinctive American cities. There is a rugged individuality about Spokane.

After the fire, however, progress was immediate, as is proven by the picture below taken about 1900. Horses and buggies were still the order, but now it is different, as a visit to Spokane would prove.

Observe the massive bridges spanning the same river shown above, one of many imposing structures any city would be proud of. Shown below is a birdseye view of Spokane today.

The second largest city in the state, Spokane, the city that beckons to the sportsmen of the Northwest, inviting them to fish the surrounding 198 streams, the 98 lakes and to hunt for game in the mile-high reaches of the Rocky and Cascade ranges.
1893. In the foreground is the building of the “Rocville,” the first newspaper published in Whatcom County.

Bellingham

It is possible to show a series of pictures taken from one point at intervals of several years, as is shown. There can be no mistake about true progress when new pictures numbered 1, 2, 3, and 4.

Number 1 shows Elk Street in 1889—exactly fifty years ago. The white spot in the upper left part of the picture, near the bay, is the first school. Glance quickly to picture No. 4. Could you believe such progress possible? Repeat this procedure for No. 2, taken in 1890, and No. 3, in 1900. It is difficult to convince yourself that it is the same spot. The birdseye view below is Bellingham today,
Wenatchee made the apple grow and the apple made Wenatchee grow. The apple claims the most credit; vast areas of sage brush having been transformed into orchards.

Below—The big parade is just about to come down the dusty street. The people are waiting for the team of horses at the right to pass, which will take about 10 minutes—but, in the pictures below, see the progress made in Wenatchee since then—more horses, and they travel 10 blocks in one minute instead of one block in 10 minutes.

Wonderful progress, however, is shown in the Coulee Dam near Wenatchee, now partly finished. Visualize the largest construction in the world—larger than the pyramids—larger than anything else ever made by man. It is going to serve a great and wonderful purpose in the progress of this state.
Aberdeen

1886—3 years before statehood, Aberdeen
boasted as in the picture at the right. Lumber
was the theme, and it is today, but what progress
she has made! Oxen did the job at first, then
"donkey" and today, the truck.

The pictures above and at the left well tell a
story that is indicative of the fine courage and
initiative of the Washingtonian. With vast
areas of heretofore untouched forests, not
suited for mass lumber production, but now of
great value for plywood, furniture, pulp and
paper, rayon and wood plastics, Grays Harbor's
resources remain scarcely tapped. Today, Aber-
deen and the surrounding Grays Harbor
country, stand on the threshold of a new and
greater march of progress.
Sagebrush, irrigation, the young orchard, the ripened fruit—just a few years of progress in orchard husbandry.

Yakima

Busy Yakima . . . but let's not think business when there is humor around. See the picture on the right taken in the 1890's—perhaps the first two autos in town. One of them just can't keep on the right side of the street. Behold the lady in the long flowing white robes, quite in the style of those days. The man with the derby is trying to sneak out of the picture, perhaps he is afraid of the two-speed demons.

Then there is Yakima of today. It is much more than fifty years old, but see progress—modern buildings, wide, nice-paved streets, diversified industries.

This district is outstanding in apples, pears, and other fruits. Dairy products, poultry and eggs, livestock, hay and grain. Important new crops are sugarbeets, wine grapes, asparagus, and peas. This city is noted for its atmosphere of vitality; the geniality of its citizens. Visit Yakima some time.
Tacoma

"The City of Destiny" and "Watch Tacoma Grow" have been slogans applied to that city. Her advances have been a wonder to watch in the past half century. Tacoma is noted the world over for her Lumber and Smelting Industries.

Tacoma's history dates back to 1841 when Charles Wilkes, commander of a United States Naval exploring expedition, began a survey of the waters of Puget Sound in an area that he named Commencement Bay. This Bay later saw its shores built into the third largest city in the state.

Tacoma has not been slow, as the pictures will show; besides, Tacoma is placed in a naturally beautiful setting with the Mountain of its pride not far distant.
Walla Walla

The progress that Walla Walla has made can be seen by comparing the print above to the picture at the bottom—a college city very fair to see. The sketch above depicts Walla Walla in 1859, and the view at the right is the Marcus Whitman Settlement at about the same time or earlier.

What is to Walla Walla what fruit is to Yakima and Wenatchee. Above, a magnificent view of that city.
The Puget Sound Navy Yard is the largest industrial plant in the Northwest, with an average of 4,000 men on its monthly half-million payroll. The cost of the plant exceeds sixty million dollars. Compared with other yards of the nation, this is of much later development, and naturally has the most modern equipment. When you have seen Bremerton, you have seen the best.

Bremerton

Everyone knows of Bremerton and the Puget Sound Navy Yard. What makes it great is not what we can see, but the sense of security, safety, and protection it imparts. The city grew as the protection increased. One wonders at the sight displayed.

Boats, boats, and more boats—but the most interesting is the one shown at the right which supplies transportation to and from Bremerton. Its pictures have been displayed throughout the world; it is known as the "Kalakala," and said to be the world's first streamlined ship.
The lowly onion—yes, but the old boy who raised them wasn't so lowly; he was ambitious. He took 40 acres of sage brush land (shown at right) and raised 44 bushels of onions to the acre—that's progress in the State of Washington, and incidentally a few nickels in the pocket of the farmer. All of which is in and near Toppenish.
Mt. Vernon

The old stern wheeler made a trip to Mt. Vernon once a week or so. Modern facilities make this one of the most prosperous cities in Washington.

Below you will see what has contributed so materially to the progress of the famous Skagit Valley, in which Mt. Vernon is located.

Burlington

BURLINGTON in three stages of its progress, in 1901 just a “railroad siding,” then a few buildings, and today another progressive city of “the valley” and also one of its beauty spots. A landmark of its early citizens.

Lynden

The first school house at LYNDEN in 1890 and we presume the first parade also, July 4, 1891, and the city in 1939. Lynden adds poultry to dairying to insure its progress—and it has made progress.
Colfax

These three cities are far away from each other, but all show progress. Colfax, at the top, is the city in its extreme infancy, but the next picture shows the same street today—what progress!

Omak

Above—The old stage coach at the postoffice in Omak’s pioneer days. Right—A scene of the same street today, and a birds-eye view. That Omak grew and prospered is obvious.

Montesano

These buildings do not look alike; yet they are both courthouses. Court was first held in the log cabin in that county; now it is held in the modern building at Montesano, truly typical of Washington progress.
Centralia and Chehalis

Numbers 1, 2, and 3 are Centralia. Look at picture No. 1. Isn’t it funny how the doughty steeds would cross the intersections at break-neck speed? No red lights in “them that” days. No. 3 is the same street, but what a change! No. 2 is a scene from the hill “way back when.” I’m wondering if Grace Seminary is still there.

Numbers 4 and 5 show the same street in Chehalis, picture No. 5 being taken about forty years earlier.

They used to “pull ‘em out” with oxen before they progressed to the present period of good roads, and what progress! Our state of Washington is known to have the best roads in the West.
Seattle

1. 1872—Third and Pike; U. of W.
2. 1889—"That Fire."
3. 1887—From the top of Denny Hill.
5. 1893—Taken from First and Pike.
6. 1880—Front Street, now First Ave.
8. 1885—Second and Pike.
9. 1939—Airplane View.
"The Mighty Columbia"... for fifteen hundred miles through our State of Washington flows this river, sometimes deep and quiet, sometimes over waterfalls, turbulent and noisy, always active and always beautiful. In commercial life, holding place among the leaders of our nation's river highways.
Dear old Pudge,

Too bad you aren't here this summer.

Don't it swell that Dixie got President.

I'll see you next year when you come down and don't treat the Eskimos too mean.

Your pal

Bob V.

P.S. I'm getting fat.

H. Pudge.

How is the old girl? I'm sure you got a sign of you got what I mean.

I get to Alaska this fall. We will have a sign of you got what I mean.

Love of Recess,

Dick Cook.
GIRLS' CLUB

The Mothers' Tea was the largest undertaking the Girls' Club shouldered this year. All mothers were invited for a program and refreshments.

Amending the constitution was also accomplished this year. It didn't fit the needs of the club's activities; therefore, a committee was appointed to amend it. This committee recommended amendments and the girls voted to approve them.

A meeting was held once a month; all the girls were present and a program was given. Different classes were in charge of the programs, and each one was different.

This organization also took care of stair duty, ushering, receiving of guests and first-aid equipment for the girls.

ASSEMBLY COMMITTEE

Ken Detwiler ....................... Chairman
Irene Bosnich ....................... Senior Representative
Alice Johnson ....................... Junior Representative
Don McKee ......................... Sophomore Representative
Miss Disher ....................... Advisor

The assembly committee members were chosen to represent all three classes, with the exception of Miss Disher and Ken Detwiler, whose membership on the committee is automatic.

The group met and worked out the year's plan for assemblies—the length and order of presentation.

Dear Leona,

I'm too bad you have left. Everybody misses you.

Your friend,

Dear Anne:

I'm sure glad I get a chance to write little things like this. It seems like a year since you have gone. How do you like it up there? Tell Mommy about the "hills" and that God is keeping you in good company. I suppose you have lots of little Okamos running around right now, with you. Be sure to write and tell Mommy she has lots of little something to send to me (the Store). Lots of love and good luck until I see you again. Love.
