PRESS RELEASE

Congressman Larsen to attend the City of Anacortes Municipal Fiber Broadband Briefing

September 3, 2019

Anacortes, WA – Mayor Gere is going to be meeting with Congressman Larsen for a briefing on the City of Anacortes’s Municipal Fiber Broadband project. Mayor Gere, city officials, staff and local business owners will be in attendance.

In 2018, the City of Anacortes began the process of building a fiber broadband network to deliver high-speed fiber internet to local businesses and households. In May, the House passed legislation to streamline the process for small businesses and local governments to apply for federal broadband assistance. Congressman Larsen has long supported broadband expansion to help communities like Anacortes improve infrastructure and grow local economies.
