House History and Plaque Program

Objectives for the Anacortes House History and Plaque Program include enriching our understanding of the history of Anacortes and identifying houses of historic interest. This program is an adjunct to and in no way intended to replace the Anacortes Local Register.
Anacortes Register of Historic Places

What is the Anacortes Register?

The historical register is an official list of buildings, structures, objects, or sites that were instrumental in the history of Anacortes and are worthy of recognition and preservation.

What qualifies a property for the Register?

The historical register recognizes properties that are more than 50 years old. Some properties may be considered if they are less than 50 years old if they possess exceptional importance and meet at least one of the following criteria:
Charles LeRoy Judd and Anna Belle Weaver Judd House
1719 9th Street
Anacortes Eagles Hall 901 7th Street
